Education & Assistance Corporation's (EAC) Suffolk County Child Advocacy Center is located in Central Islip and has a child friendly environment where child victims of physical and/or sexual abuse are brought to be interviewed and examined. Over 2,600 children have been helped since the center opened in 1997.

Pet Peeve's, Inc. mission is to teach children respect and care for all creatures and to promote healing by bringing together defenseless populations – animals, children and the elderly. The funds raised today on behalf of Pet Peeves will be utilized for Humane Education and pet therapy initiatives.

United Cerebral Palsy of Suffolk will designate the proceeds from this luncheon to our Children's Center, translating directly into critically needed therapies and equipment for children from infancy through age 21 with a wide range of disabilities, not limited to cerebral palsy. Thousands of youngsters have been served by this program.
