

RULES, ETIQUETTE & HANDICAPPING SEMINARS

Ever want to know????

- How to take a drop when your ball ends up sitting on a cart path – or in a bush (and if there's a penalty)
- What in the world is the difference between a lateral water hazard and a water hazard (and where do you play from?)
- How applying the Rules of Golf sometimes actually works to your benefit
- How to maintain good pace of play (and get a repeat invitation from your client or boss when you whiffed your first tee shot)
- Whose job it is to replace the pin on the green (it isn't me, is it?)
- How to fix a ball mark on the green, repair a divot, and the proper way to mark your ball on the green
- Why it's important to establish a handicap (especially if you think you don't score well enough to need one)
- How to use the GLMS Handicapping Program (you might as well – it's easy and free as part of your EWGA membership)
- When is it my turn, where do I stand, what do I wear, and much more!!!

COME JOIN US - Open to all EWGA Members

(light refreshments will be served)

WHEN & WHERE:
